STUDENT CODE OF CONDUCT

Introduction

The five key criteria chosen to reflect the expected behaviour of the whole St John's community towards learning and each other, are clearly displayed and are used as a reference in all areas of school life ensuring a positive social culture is maintained here at St John's.

We are Respectful, Responsible and Resilient

We Learn Together

We Keep Safe

Our approach to positive behaviour is in keeping with the thoughts of Pope Francis,

In Catholic schools we have to give students 'a solid basis on which to build their lives; to guarantee their safety and their education to be everything they can be'

Pope Francis, Rio De Janeiro, 2013

<p>RESPECTFUL We show respect when we treat everyone with dignity. We are respectful when we treat others the way we would like to be treated. We show respect for ourselves in the way we take care of our body- well being, spiritual and physical needs. We respect creation- sustainability and the environment.</p>	<p>RESPONSIBLE We take responsibility for our words and actions. We are prepared and responsible for our learning. We are responsible when we all do our job to the best of our ability. We are responsible for keeping our school clean. We use and care for school property responsibly.</p>
<p>RESILIENCE We are resilient learners by never giving up when things are challenging. We show resilience by taking risks in our learning. We show resilience when we can move on from difficult times. We are resilient with change.</p>	<p>LEARN TOGETHER We learn from and with others. We work together to help everyone learn. We learn about each other's differences and similarities within culture and religions.</p>
<p>KEEP SAFE We behave in ways that do not harm ourselves or others. We keep safe by following rules and expectations. We create an environment where all people feel safe to be themselves.</p>
